# alteredN Theme Released

2012-09-07 01:10:17 by nextgen

I have released my first Ravennuke Theme for the 2.5 CMS. It is a fast loading and eye pleasing theme. It comes with all PSD's needed to personalize the theme as well as matching menu icons, topic icons and i have made a matching avatar PSD and Emoticons available in the downloads section for you as well. Please visit and register at http://www.alterednuke.com and register to see the theme running live from your account and to download the theme.
